

PRODUCT DATASHEET

LED Round Panel Surface Light 6W

RS6W - WW

TECHNICAL DATA

Power(W):	6W
Voltage:	AC85-265V
Light source:	LED
Led quantity:	30pcs 2835SMD
Luminous:	480-540lm
Beam angle:	180°
Size:	Ø120x34mm
Main material:	Aluminium+PC
Colour temperature:	2800K
Energy Efficiency:	A, A+, A++
PF:	>0.5
IP:	IP44
CRI:	>80
Life span:	50000 hours
G.W:	0.32Kg

Triac dimmable (ONLY with extra driver)

FEATURES

1. Adopt Epistar LED chips, low light decay, and high brightness.
2. Using resistance-capacitance isolation power driver, long life time, and high efficiency.
3. Die-cast Ceramic housing for excellent thermal conductivity, beautiful outlook, simple installation.
4. CE and ROHS Certificates.
5. Temperature: -25 to 60°C.

WARRANTY

3 years. Warranty only covers items properly stored, installed and operated.
